SITUATION SUMMARY

Public Health and Medical (EF-8) Situation Report
Ebola Virus Disease (EVD) Outbreak
Report Date: [October 3, 2014](#)
Operational Period: [September 26 – October 2, 2014](#)

CDPH/EMSA

Summary:

The outbreak of Ebola Virus Disease (EVD) in the West African nations of Guinea, Sierra Leone, and Liberia continues to expand but does not pose a significant risk to the United States.

As of September 28, the World Health Organization has reported a cumulative total of 7179 suspect, probable, and confirmed cases and 3338 deaths. The U.S. Centers for Disease Control and Prevention (CDC) has advised travelers to avoid all non-essential travel to the West African nations of Guinea, Sierra Leone, and Liberia. CDC continues to issue a level 2 travel notice for Nigeria. The CDC has announced that Ebola Virus Disease due to travel introductions to Senegal and Nigeria appears to be contained. Based on the current situation in West Africa, CDC considers the risk of importation of multiple cases of EVD into the United States to be very low. However, the outbreak is evolving, and this assessment may change.

- **There are currently no confirmed or suspect cases of Ebola under investigation in California.**
- **At present, the weekly situational assessment for the risk of Ebola infection in California is very low.**

CDPH continues to work with the healthcare community and local health jurisdictions to identify potential suspect cases and avoid spread of the disease.

New guidelines and updated guidelines released by CDC are posted on the CDPH CDER website available at: <http://cdph.ca.gov/programs/cder/Pages/Ebola.aspx>. Likewise, EMSA has developed guidelines for EMS personnel based on the recommendations of CDC. The guidelines have been distributed to Local EMS Agency (LEMSA) Administrators, LEMSAs Medical Directors and the Regional Disaster Medical Health Coordination (RDMHC) Programs. Revisions will be made as necessary. The document is posted on EMSA's website at http://www.emsa.ca.gov/ebola_control.

The full CDPH/EMSA Situation Report is attached.

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

SITUATION SUMMARY

Northern California Weather of Concern

- Daytime highs will be above normal through Saturday.

Southern California Weather of Concern

- Much above normal to near record heat is forecast across inland valley regions. In addition, fire danger is elevated across Southern California through the weekend.

Key Points:

Today - Saturday

- Much above normal to near record heat across inland valley regions. Heat related injuries or fatigue may occur; in particular, among at-risk populations.
- Elevated fire danger across Southern California (in particular Los Angeles and Ventura Counties and further inland across the mountains of Kern and Tulare Counties).
- Today, 10/03/14, is the hottest day of this event in the Bay Area.

Sunday

- Above normal temperatures across inland valley regions.
- Elevated fire danger continues for the mountains of Kern and Tulare Counties.

Monday - Wednesday

- No significant hazards expected
- Cooling trend (maximum temperatures on Monday will be significantly cooler than Sunday).

Active Weather Warnings, Watches and Advisories: http://www.wrh.noaa.gov/sto/brief/wwa_bc_cal.php

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA

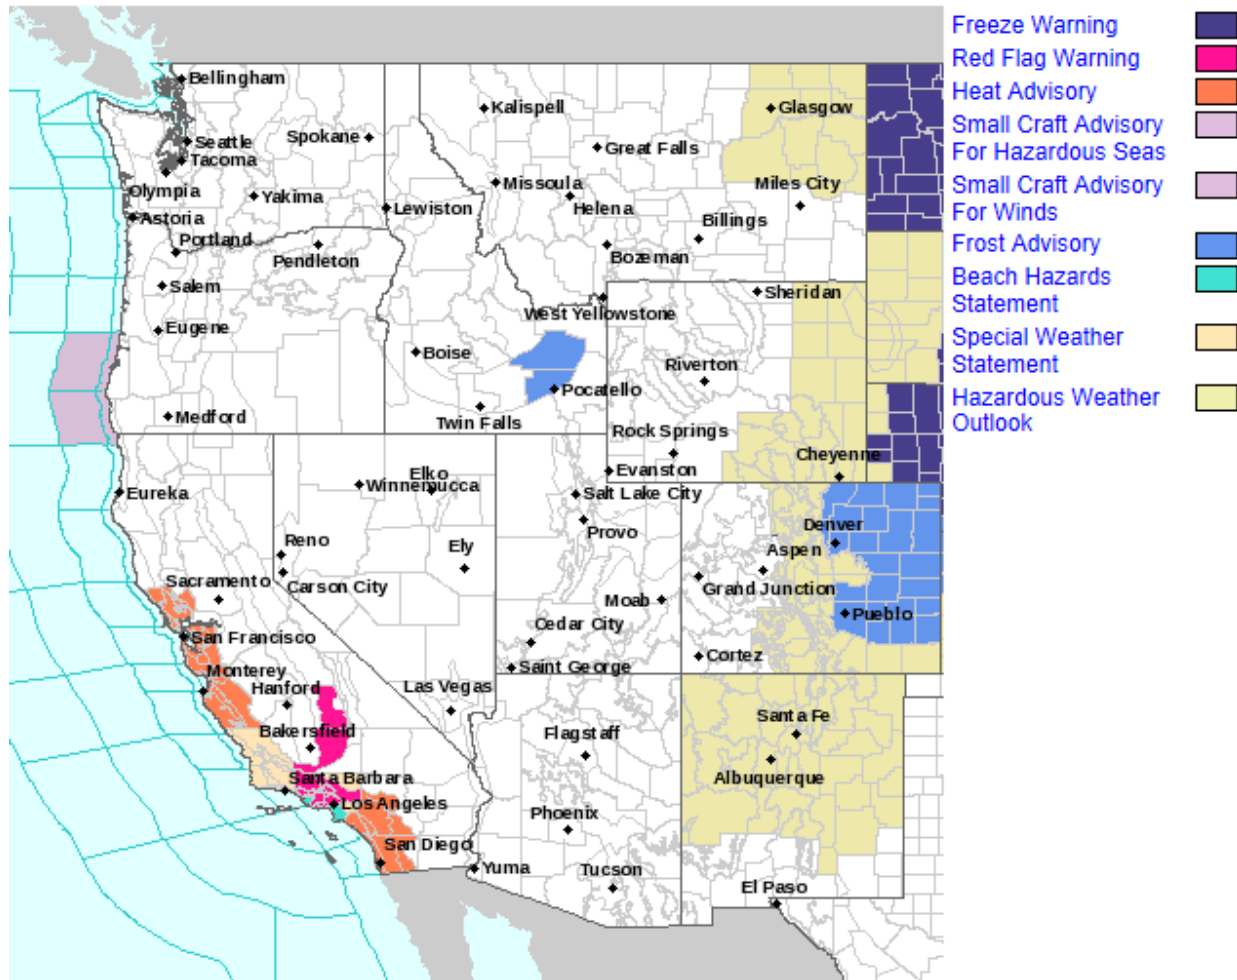

Unseasonably strong high pressure stays over or near California for the next several days, keeping daytime temperatures 9-14 degrees above normal, and humidity below normal. Lower-level pressure gradients are more relaxed compared to earlier in the week, but not totally gone. They support light northeast to east-southeast wind patterns, with local moderate speeds across upper slopes/ridges in and near the coast range, as well as down drainage on the Northern Sierra west slope. Many sites in valley or canyon bottoms, will see large ranges between the low daytime minimum humidity contrasting with fairly good overnight relative humidity recovery. The strong ridge of high pressure will weaken some over and near Northern California for early to mid-next week. This will lead to stronger onshore/ southwest to northwest coastal breezes, some increase in relative humidity, and a little cooling, but not to any precipitation. Latest indications are that most, if not all, of Northern California could stay dry through mid-October.

SOUTHERN CALIFORNIA

Under a strong high pressure ridge, temperatures will continue to hover near record high readings today through Sunday. In general, high temperatures will reach the 102-107 degree range in the lower foothills and valleys of Southern California to the 70s in the mountains above 7,000 feet. Local offshore winds of 10-20 mph can be expected, mainly from Orange County and the Banning Pass southward into San Diego County. The hot air mass aloft combined with light offshore flow will cause minimum relative humidity to fall into the single digits over all areas away from the coast below 8,000 feet. Yesterday, several places experienced minimum relative humidity under 5% and similarly low readings can be expected today and Saturday. Sunday, onshore flow will gradually develop in the afternoon, which will bring some cooling to the immediate coastal areas. There may be some erratic winds Sunday afternoon as the sea breeze becomes reestablished across the inland areas. Next Monday through Wednesday, look for a slow cooling trend with temperatures returning to within a few degrees of normal by Thursday. Night through morning marine layer stratus will return to the coast and intermediate valleys by the middle of next week. No precipitation is expected during the next 10-14 days.

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

RECOVERY ACTIVITIES

Boles Incident Vegetation Fire- City of Weed, Siskiyou County

Recovery Activities

- On 10/01/14, the U.S. Small Business Administration (SBA) approved a disaster declaration making SBA assistance available in the primary County of Siskiyou and the contiguous counties of Del Norte, Humboldt, Modoc, Shasta, and Trinity, making low-interest federal disaster loans available to homeowners, renters, businesses of all sizes and private nonprofit organizations whose property was damaged or destroyed by the Boles Fire. In addition, a Disaster Loan Outreach Center opened Wednesday, 10/01/14, at 1200 hours, located at the College of the Siskiyou's Life Science Building 3, Room LS-1, 800 College Avenue, Weed, California 96094, Mondays – Fridays, 0900 – 1800 hours (Closed 10/13/14 for Columbus Day). Notification letters have been distributed.
- Non-food items have transitioned from the Salvation Army to a collaboration of four non-profit agencies that will be involved in the distribution of items such as baby clothes, diapers, clothing, etc.
- The Cal OES VAL continues to coordinate and participate in Long Term Recovery meetings with NGO, Faith Based, and local agencies. On 10/03/14, the Cal OES VAL attended a Long Term Recovery meeting. A mission statement and bi-laws for the long term recovery group were presented, officers were identified, and leads for several committees were formed. Shasta Community Foundation was identified as a fiscal agent for the group and a meeting with agencies that have accepted donations will be held on 10/10/14. Northern California VOAD is support the group with long term recovery efforts. A steering committee of local partners is being formed.
- On 10/02/14, the Cal OES VAL attended a community meeting in the City of Weed, approximately 80 people attended the meeting discussion included debris management, distribution of food, non-food items, and local recovery efforts, safety, and SBA gave a presentation. The City announced property owners must complete either the right-of-entry form or the denial-of-entry form by COB 10/09/14.
- The College of the Siskiyou's website contains a Fire Resource List of various local agencies offering goods and services. The document can be found at <http://www.siskiyous.edu/humanresources/documents/fireresourcelist.pdf>.
- Food donations are being accepted at 310 Boles Street.
- Agencies that were supporting response with immediate needs are now supporting long term recovery efforts.
- As of 10/03/14, 104 property owners have signed up to participate in the debris removal program. Three (3) property owners have completed a denial of entry.
- Based on the asbestos results taken from the Public Library, the City of Weed will contract with US/EPA for the building demolition and asbestos removal. US/EPA is on site and anticipates taking up to 30 days to complete the operation, which begins 10/08/14. Debris crews will be operating Saturday and Sunday (half-day).
- On 10/02/14, Cal OES Recovery and City staff inspected the City's water system to determine a full Scope of Work, which will be presented, along with the construction contract, to the City Council for approval on 10/09/14.

Cal OES Deployments

- Two (2) Cal OES Recovery staff are assigned.

RECOVERY ACTIVITIES

Magnitude 6.0 Earthquake, American Canyon, Napa County

Recovery Activities

- Based on a request for additional IA information for the major disaster declaration request, IA teams conducted PDAs 09/08/14 through 09/12/14 in Napa County, the City of Vallejo, and Solano County IA PDA teams conducted additional PDAs 09/17/14 through 09/19/14 finalizing PDAs in Napa County. A supplement Presidential Declaration letter has been forwarded to the Director's Office.
- The deadline for potential applicants to submit the Request for Public Assistance to be considered for reimbursement for this event is [10/24/14](#). [Thirty-three \(33\)](#) RPAs have been received to date. Several kick-off meetings have been scheduled for this week and next week.
- The Napa Long Term Recovery Committee (LTRC) is in the process of forming its leadership, establishing policies and procedures, and identifying a Mission statement. A follow up meeting is pending.
- Cal OES IA Voluntary Agency Liaison (VAL) continues NGO coordination in Solano County. Due to the absence of local faith based and other organizations that may have resources, Solano VOAD will reach out to expand the engagement of additional nonprofit and faith based partners. Once the organizations are identified, a follow up meeting will be held in hopes of identifying key leaders interested in forming a LTR committee.
- Local Assistance Center (LAC): County and City of Napa: LAC opened on 09/08/14 at 301 1st Street, Napa (corner of 1st Street and Silverado Trail). The LAC is open until further notice.
- [A field office located at The McKinley Building, 180 California Drive, Veterans Home of California, Yountville, 94599 opened 10/03/2014.](#)

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency [Monday through Friday](#), from 0800-1700 hours.
- The Inland REOC is activated at Level 2 [Monday through Friday](#), from 0800-1700 hours, or as needed.
- The Southern REOC is activated at Level 1 [Monday through Friday, from 0800-1700 hours](#).
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is Monday [through](#) Friday, [from](#) 0800-1700 hours.
- The Governor issued an Executive Order on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought. Specifically, through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- A conference call is being scheduled, for Cal OES, DWR, SWRCB and Tulare County to discuss drought assistance programs.

CAL OES MISSIONS

New Cal OES Missions

- **2014-LAW-6528**, Yuba County Sheriff's Office requesting 2 cadaver K9s for a 4 year old case in Browns Valley. Cal OES LDO coordinating resources. **Mission On-going**

Ongoing Cal OES Missions

- **2014-LAW-6516, 10/02/14, 1500 hrs.**, Monterey County Sheriff's Department (MCSD) requested resources to locate the remains of a cold case homicide. MCSD is requesting a cadaver dog search team to assist with the search for the victim. California Governor's Office of Emergency Services, Law Enforcement Branch is coordinating the search dog response. This search will take place on Tuesday, 10/07/14. **Mission On-going**

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
